About IP Support Unit

- ✓ As it is broken ground in this issue, by support of Turkish Patent Institute (TPI) a protocol to establish an "IP Support Unit" was prepared together with the TPI.
- ✓ This protocol was signed between Gazi University and TPI on 07 May 2007 and come into force afterwards.
- ✓ IP Support Unit is established under the Secretariat General.

Duties

- ✓To inform academic staff and students who would like to apply for an international or national patent or industrial design application about the granting process by one to one consultation
- ✓To provide the continuity of the process by doing search both nationally and internationally about the results of the studies and to develop tangible strategies in the lights of feedback received
- ✓To continue activities by being in interaction and close collaboration with academic staff, students, related units of the university, Turkish Patent Institute (TPI) and The Scientific & Technological Research Council of Turkey (TÜBİTAK)

“IP Management @ Universities” Istanbul, April 14 to 15, 2011

Albert Long Hall, BOGAZICI UNIVERSITY

Duties

- ✓ To provide free publications of Turkish Patent Institute related to national and international intellectual property legislation
- ✓ To develop new and strategic expansion in the frame of the basic policies of the university administration. In other words, to contribute our University for creation of innovative expansion in patent and industrial design issues

FREE INVENTION

Article 41:...inventions made by the teaching staff of universities during their scientific studies at universities or higher schools shall be free inventions.

Where the subject educational body has made available specific equipment and means for the research work having led to the invention, the university teaching staff shall notify the educational body, in writing, of the exploitation of the invention and shall, upon request of the body, specify the modality of exploitation and the amount of proceeds achieved. Within three months of such written notification, the educational body may demand a reasonable share of the proceeds from the invention. The amount of such share shall however not exceed the expenses supported by the body. *
